

Heat Relief Network

2023 Season

General

The Heat Relief Network runs May 1 – September 30 and is a voluntary partnership made up of service providers, faith-based groups, local governments, and businesses. These partners mobilize to provide cooling centers, water, and refuge from the intense Arizona heat for anyone needing heat relief in Maricopa County. Network participants can also serve as donation centers to collect bottled water, sun block, lip balm, hats, toiletries, and other resources for heat relief partners.

4 Types of Network Sites

Hydration Station Sites: Indoor or outdoor locations where individuals can go to receive bottled water and other collected donation items.

Cooling Centers: Indoor, air-conditioned location that offers hydration.

Respite Centers: Indoor, air-conditioned location that offers hydration and allows for uninterrupted rest, sitting, or lying down (depending on each facility) during hours of operation.

Collection/Donation Sites: Water bottles can be donated here for use at cooling center locations and hydration stations. Some sites also accept other donations such as clothing, hats, and toiletries.
